

A dolphin is captured mid-leap, its body arched gracefully as it moves from the water's surface. The dolphin's skin is a light, silvery-blue, contrasting with the deep, dark blue of the surrounding water. Sunlight rays filter down from the surface, creating a shimmering effect on the dolphin's back and the water's surface. The overall atmosphere is serene and majestic.

2026

I have been photographing Nature for a long time and I try to capture beauty in its many aspects, catching the moment that will never happen again. Even today, I am amazed at what Nature puts on stage every day.
All pictures are taken in Italy.

And yet, there is another wonder that comes to me every week: It is the date that my wife, my children and I have with the homeless in Turin, our "extended" family, when we bring them food, blankets and give comfort to those who have lost hope and a hug to those who feel alone, "invisible".

This calendar was sponsored by the firm INTERPATENT to give solid support to our activity.

R. Marcon

*Da tempo fotografo la Natura e cerco di coglierne la bellezza nei suoi molteplici aspetti, fermando con lo scatto l'attimo non più ripetibile. Mi stupisco ancora oggi di ciò che la natura mette in scena ogni giorno.
Tutte le immagini sono state scattate in Italia.*

Però un'altra meraviglia mi si presenta ogni settimana: è l'appuntamento che io con mia moglie ed i miei figli abbiamo con i senzatetto di Torino, la nostra famiglia "allargata", portando loro cibo, coperte, dando conforto a chi ha perso la speranza ed un abbraccio a chi si sente solo, "invisibile".

Questo calendario è stato promosso dalla società INTERPATENT per dare un sostegno concreto alla nostra attività.
